Exp.No. :3   **Name: Prasanna R**

**Date:22/8/2024**
Reg.no.:231701039
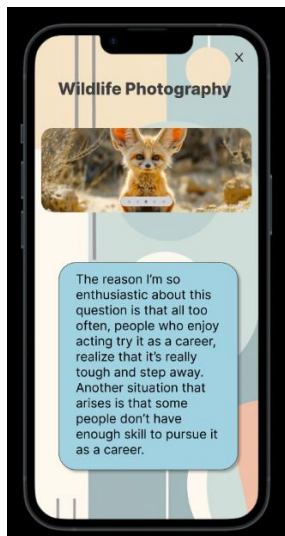

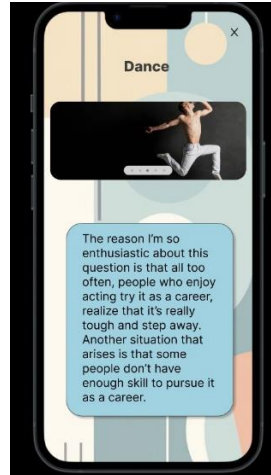

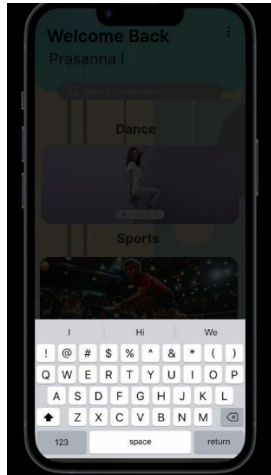

Aim:

   To develop and design a mobile or web application of Hobby app.

Procedure :

   1) Open figma (either login or continue with google chrome).

   2) Open a new file.

   3) Then select the Sze of the frame.

   4) Insert the background image and reduce its composition thus it doesn't affect the other elements.

   5) Insert the required elements in to the design particularly the Hobby we are choosing i.e. text , images , symbols ,shapes etc.

   6)Add prototype to your frames to maintain and direct the flow.

   6) Save your design .

Sample Design Image:

Result:

       Thus the design for mobile or web application of Hobby app had been developed using figma .
